

Black textile strip 19 mm

TXS

Advantages

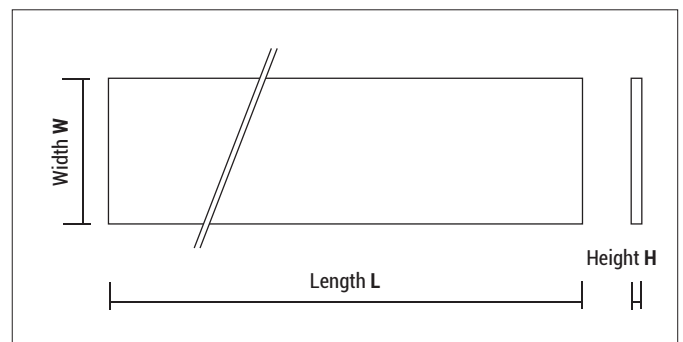

- Fast and cost-effective fastening of flexible empty tubes
- Several pipes or conduits can be mounted at the same time; parallel mounting is possible
- No damage to the pipe due to the absence of sharp edges
- Prevents breakage of corrugated pipe when the pipe is stretched
- Corrosion resistant
- Made of PS (Polystyrene) and withstands temperatures from -40 °C to +170 °C with a maximum load of 5 kN
- Very tearproof
- Rolls of 10 metres
- Suitable for harnesses and conduits, light pipes and fixing pipes to floors for plumbing and heating installations
